

3rd Edition of EuroSciCon Conference on Chemistry

Zdenek Sofer

Professor (Associate), Department of Inorganic Chemistry, University of Chemistry and Technology, Prague, E-mail: zdenek.sofer@vscht.cz

Forthcoming Conferences on [3rd Edition of EuroSciCon Conference on Chemistry](#) during April 27-28, 2020 at Rome, Italy Republic

EuroSciCon takes great pleasure in inviting the scientific community across the globe to the 3rd Edition of [EuroSciCon Conference on Chemistry](#) during April, 2020 at Rome, Italy Republic. Rome (Italian: Roma), the Eternal City, is the capital and city of Italy and of the Lazio area. It is well known for being the home of the antiquated Roman Empire, the Seven Hills, La Dolce Vita (the sweet life), the Vatican City and Three Coins in the Fountain. Rome, as a centuries in length focal point of intensity, culture (having been the support of one of the globe's most noteworthy civilisations ever) and religion, has applied a colossal impact over the world in its approximately 2800 years of presence. This assembly will find out advances in Chemistry 2020.

With triumph of “3rd International Conference on Organic Chemistry”, Allied Academies takes pride and honour to announce “4th International Conference on Organic Chemistry”, which is going to be held on November 23-24, 2020 in Berlin, Germany with a radical theme “*Exploring the New Dimensions and Advancements in Organic Chemistry*”

The conference covers sessions on

- Analytical & Bio analytical Chemistry
- Physical Chemistry and Theoretical Chemistry:
- Polymer Chemistry
- Organic Chemistry
- Inorganic Chemistry
- Biochemistry
- Agricultural and Food Chemistry
- Environmental and Green Chemistry
- Nano Science and Technology
- Pharmaceutical Chemistry
- Medicinal Chemistry
- Industrial and Engineering Chemistry
- Nuclear & Radiochemistry
- Petroleum Chemistry

- Marine and Geochemistry
- Spectroscopy
- Plasma Chemistry
- Electrochemistry
- Material Chemistry
- Neurochemistry

The upcoming [Chemistry 2020](#) focused on advancements in the field of Chemistry, [Chemistry Conference](#) and [Chemistry Meetings](#). This conference will also present the advanced research, advanced techniques for improving Chemistry. It additionally gives a chief interdisciplinary stage to analysts, professionals and instructors to display and talk about the latest advancements, patterns, and worries just as pragmatic difficulties experienced and arrangements received in the fields of Chemistry. To talk about the issues and achievements in the field of [Chemistry Conference](#) Series Conferences has taken the inception to assemble the world class specialists both from scholastic and industry in a common stage at its Chemistry gatherings.

The participants can exchange and share their research results covering the scientific aspect of Chemistry, Chemical Engineering, Electrochemistry, Organic Chemistry, Material Science and Chemistry, Polymer Chemistry the [Chemistry 2020](#).

Conference will encourage Young Researcher's Forum, scientists and the researchers of their early stage of profession graph to broadly speak their final results to enhance and increase the concept. The 'Best Poster Award' is supposed to inspire students in taking energetic component within the International Science platform to sharpen their skills and knowledgebase.

The Sponsor in the [Chemistry-2020](#) can reaches and gets exposure to new clients, customer, business, brand awareness and media exposure. The sponsorship has various levels Premium Sponsorship Packages: Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, Additional Sponsorship Packages and Advertisements.

The 3rd Edition of [EuroSciCon Conference on Chemistry](#) will consist of organizing committee network of renowned scientific and professional expert such as

OCM:

1. Zdenek Sofer,

Professor University of Chemistry and Technology

Prague, Czech Republic.

2. Josef Jampilek,

Professor Comenius University Slovakia

Egypt.

3. Srdanka Tomic-Pisarovic,

Professor University of Zagreb

Croatia.

For further details, please contact:

Warm regards,

Alice Stephen

Meeting Producer | Chemistry 2020
