

## **Green Chemistry and Technology 2020 November 22-23, 2020 Barcelona ,Spain**

### **Yacob**

Doctor, Bostons hospital, USA

#### **Information about the Previous conference:**

On completion of successfully [organizing 2019](#) conference with prominent scientists and keynote speakers. The conference was a huge success which unites a one of a kind and worldwide blend of substantial and medium Pediatrics and symptomatic or diagnostic organizations, leading universities and clinical research companies making the meeting an ideal stage to share understanding, encourage coordinated efforts crosswise over industry and the scholarly community, and assess rising advancements over the globe.

The main objective of the conference is to bring together biologists doctors, experts in child development and other specialists to exchange their ideas and knowledge between the different disciplines for facilitating research and clinical interdisciplinary collaborations

Green Chemistry and Technology 2020 will concentrate on how to promote excellence in [pediatrics research](#) and child health which offers an exceptional open door for specialists across the globe to meet, organize, and see new logical developments. The current year's Green Chemistry and Technology 2020 features the subject, "Innovations and Excellence in structural biology & Research" which mirrors the noteworthy advance in Green Chemistry and Technology. The two days meeting incorporates World Green Chemistry and Technology 2020 workshops, symposiums and extraordinary keynote sessions directed by famous and prestigious speakers who exceed expectations in the field of Green Chemistry and Technology This worldwide structural biology 2020 additionally supports the dynamic interest of youthful understudies, forthcoming analysts and growing researchers as we are facilitating Green Chemistry and Technology Poster Award Competition and Young research Forum at the gathering venue.

**This meeting will allow the attendees to acquire these new updates and share their experiences with well-recognized speaker's globally. We look forward to seeing you at this meeting and we are sure you will find it an outstanding educational opportunity located in heavenly [Barcelona Spain](#).**

#### **Glimpses of Green Chemistry and Technology 2020**

#### **Details about the conference:**

The Green Chemistry and Technology aims in bringing Green Chemistry and Technology Exhibitors together from different parts of the world. World Pediatric Congress conference aims to create a platform to have a knowledgeable discussion. The Pediatrics conference has KEYNOTE SESSIONS, HANDS ON WORKSHOP, SYMPOSIUMS, SPECIAL SESSION, SPEAKERS, and POSTER PRESENTATIONS.

The session presented at the conference have research value and renders a great knowledge related to the field of Green Chemistry and Technology. Meet noteworthy Structural Biology Researchers and Clinicians. So come and join leading experts and allied professionals from Barcelona Spain to keep up with the rapidly accelerating pace of change that is already having an impact on the field of [Pediatrics](#) and will continue to in the future.

#### **Conference Highlights :**

[Analytical Methods In Green Chemistry](#)

Applications Of Green Chemistry

Bioremediation & Biodegradation

Biomass/Bioenergy

Biopolymer & Bioplastics

Eco Friendly Materials

Future Trends In Green Chemistry

Green Catalysis

Green Chemistry

Green Chemistry & Sustainable Process

Green Chemistry In Environment

Green Chemistry In Industries

[Green Energy](#)

Green Engineering

Green Environmental Toxicology

Green Nanotechnology

Green Organic Chemistry

Green Polymers & Green Materials

Green Separations

[Green Solvents](#)

Green Sustainable Agriculture

Green Synthesis

Green Technology

Market Analysis And GC3

Pollution Prevention

Renewable & Recyclable Materials

[Sustainable Chemistry](#)

Waste Management
